

Safety Data Sheet
SlipDoctors Step 1 Floor Cleaner and Degreaser
SDS Revision Date: 08/20/2015

1. Product and Company Identification

Product Name	Step 1	Supplier:	SlipDoctors
Synonyms	Floor Cleaner and Degreaser	Address	2101 Midway Rd
CAS Number	mixture		Carrollton, TX 75006
Product Use	Industrial Automotive Cleaning Product	Telephone	972-999-9998 800-424-9300

Emergency Number - CHEMTREC (USA): 1-800-424-9300

2. Hazards Identification

Emergency Overview: WARNING! Causes mild skin irritation. Keep out of reach of children. Read label before use.

Skin: Causes mild skin irritation.

Eyes: Causes eye irritation.

Inhalation: Avoid breathing vapors or mist. Prolonged or excessive inhalation may cause respiratory tract irritation or burns of the mucous membranes.

Ingestion: Not considered a potential route of exposure. Ingestion can cause irritation of the mouth, throat and esophagus.

Chronic exposure: Repeated or prolonged skin contact may cause skin irritation and/or dermatitis and sensitisation of susceptible person. No known carcinogenic effects.

SYMBOLS No pictogram

Precautionary Statements

Read label before use.
Keep away from children.
Wash hands thoroughly after handling.
Wear protective gloves, eye and face protection.

3. Composition / Information on Ingredients

<u>Component</u>	<u>CAS Number</u>	<u>Weight %</u>
dodecylbenzenesulfonic acid	27176-87-0	< 2.0
sodium hydroxide	1310-73-2	< 2.0

*The specific chemical identity and/or exact percentage (concentration) of this composition has been withheld as a trade secret.

4. First Aid Measures

Eye	Possible eye irritation. Flush immediately with large amounts of water for at least 15 minutes. Eyelids should be held away from the eyeball to ensure thorough rinsing. Get immediate medical attention.
Skin	Possible skin irritation. Flush immediately with large amounts of water while removing contaminated clothing. Wash contaminated clothing before reuse.
Inhalation	Possible nasal irritation. Remove exposed person from source of exposure to fresh air.
Ingestion	Drink copious amounts of water. Seek medical attention. Do not induce vomiting unless directed by medical personnel.

Safety Data Sheet
SlipDoctors Step 1 Floor Cleaner and Degreaser
SDS Revision Date: 08/20/2015

5. Fire Fighting Measures

Suitable Extinguishing Media	Use dry chemical, foam, or carbon dioxide to extinguish fire. Water may be ineffective but should be used to cool fire-exposed containers, structures and to protect personnel. Use water to dilute spills and to flush them away from sources of ignition.
Fire Fighting Procedures	Do not flush down sewers or other drainage systems. Exposed firefighters must wear NIOSH approved positive pressure self contained breathing apparatus with full mask and full protective clothing.
Unusual Fire and Explosion Hazards	Not considered to be a fire hazard.
Combustion Products	Irritating substances may be emitted upon thermal decomposition. Thermal decomposition products may include oxides.

6. Accidental Release Measures

Use suitable safety equipment including nitrile gloves and safety glasses. Stop leak if possible to do so without risk.

Small spills clean up with sand or other noncombustible absorbent material and place into containers for later disposal. Large spills contain with dike ahead of spill for later disposal. (See Section 8) Flush with water to clean contaminated area. Do not flush to sewer or waterways. Prevent release to the environment if possible.

7. Handling and Storage

Handling Do not get in eyes, on skin or clothing. Do not breathe vapor or mists. Keep container closed. Use with adequate ventilation. Use good personal hygiene practices. Wash hands before eating, drinking or smoking. Remove contaminated clothing and clean before re-use.

Storage Store in tightly closed containers in cool, dry, well-ventilated area away from heat, sources of ignition and incompatibles. Ground lines and equipment to reduce possibility of static spark initiated fire. Store between 0 C (32 F) - 37.7 C (100 F). Best if stored out of direct sunlight. Keep container closed and upright when not in use. Protect container against physical damage.

8. Exposure Controls / Personal Protection

Exposure Limits	Component: sodium hydroxide - ceiling occupational exposure limit = 2 mg/m ³ ; Occupational exposure limit is based on irritation effects and its adjustment to compensate for unusual work schedules is not required.	
Engineering Controls	Local exhaust ventilation may be necessary to control ventilation for confined spaces. Use explosion proof ventilation equipment.	
Personal Protective Equipment (PPE)	Eye Protection	Wear chemical safety goggles (glasses). Have eye wash stations available where eye contact can occur.
	Skin Protection	Avoid skin contact. Wear gloves impervious to conditions of use. Additional protection may be necessary to prevent skin contact including apron, face shield or boots.
	Respiratory Protection	If exposure limits are exceeded, NIOSH approved respiratory protection should be worn. For unknown concentrations and for oxygen deficient atmospheres use a NIOSH approved air supplied respirator.

SDS Revision Date: 08/20/2015

9. Physical and Chemical Properties

Flash Point	> 93 C (200 F)	Lower Flammability Limit	N/A
Autoignition Temperature	N/A	Upper Flammability Limit	N/A
Boiling Point	100 C	Specific Gravity (g/mL @ 25 C)	1.000 - 1.100
Melting Point	N/A	% Volatile	N/A
Vapor Pressure	N/A	Evaporation Rate (water=1)	1
Vapor Density (Air=1)	N/A	Viscosity (cP)	1 - 15
Solubility in water	soluble	Octanol/Water Partition Coefficient	N/A
Pour Point	0 C / 32 F	pH (neat @ 25 C)	7.0 - 9.0
Odor	characteristic	Molecular Weight	mixture
Appearance	clear yellow liquid		

10. Stability and Reactivity

Chemical Stability	Stable
Possibility of Hazardous Reactions	Hazardous polymerization will not occur
Conditions to Avoid	None known
Incompatible Materials	Strong acids, strong bases and strong oxidizers
Hazardous Decomposition	The following may form during or at extremely high temperatures: Oxides of sulfur

11. Toxicological Information

Signs and Symptoms of Overexposure	Eye and nasal irritation with itching of the skin.
Acute Toxicity	
Eyes	Direct contact may cause temporary redness and discomfort
Skin	No significant irritation expected from a single short-term exposure
Inhalation	No significant irritation expected from a single short-term exposure
Ingestion	Low ingestion hazard in normal use.
Chronic Toxicity	
Eyes	None known
Skin	None known
Inhalation	None known
Ingestion	Repeated ingestion or swallowing large amounts may cause diarrhea or vomiting

12. Ecological Information

Ecotoxicity	Acute Effects: No adverse effects on aquatic organisms Chronic Effects: No adverse effects on aquatic organisms
	Bioaccumulation is not expected to be significant.

13. Disposal Considerations

Waste Disposal Method

This material, if it must be discarded, may meet the criteria of a hazardous waste as defined by US EPA under RCRA (40 CFR 261) or other state and local regulations. Dispose in accordance with local, provincial and federal regulations at a licensed hazardous waste disposal facility. It is the responsibility of the end user to determine if the material meets the criteria of hazardous waste at the time of disposal. Empty containers that have not been rinsed and purged, contain residual material and must be disposed of or recycled in accordance with local regulations.

14. Transport Information

United States Department of Transportation (U.S. DOT)

Not Regulated

International Maritime Dangerous Goods (IMO / IMDG)

Not Regulated

International Air Transport Association (IATA)

Not Regulated

Transportation of Dangerous Goods (TDG)

Not Regulated

Agreement on Dangerous Goods by Road (ADR)

Not Regulated

15. Regulatory Information

U.S. Federal Regulations

Clean Air Act (CCA)

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 12 (40 CFR 61)

EPA SARA Title III Chemical Listings

Section 302 Extremely Hazardous Substances (40 CFR 355)	None
Section 304 CERCLA Hazardous Substances (40 CFR 302)	sodium hydroxide dodecylbenzenesulfonic acid
Section 311/312 Hazard Class (40 CFR 370)	
Acute: Yes	Chronic: No
	Fire: No
	Pressure: No
	Reactive: No
Section 313 Toxic Chemicals (40 CFR 372)	None

International Regulations

Canadian Environmental Protection Act

All of the components of this product are included on the Canadian Domestic Substances list (DSL).

Canadian Workplace Hazardous Materials Information System (WHMIS)

Skin and eye irritant

Chemical Inventories

TSCA	All ingredients are on the inventory.
DSL	All ingredients are on the inventory.
EINECS	All ingredients are on or exempted from the inventory.
AICS	All ingredients are on the inventory.
IECSC	All ingredients are on the inventory.
KECL	All ingredients are on the inventory.
NZIoC	All ingredients are on the inventory.
PICCS	All ingredients are on the inventory.

16. Other Information

National Fire Protection Association (NFPA) Ratings

This information is intended solely for individuals trained in the NFPA.

Health:	1	0 - LEAST
Flammability:	0	1 - SLIGHT
Reactivity:	0	2 - MODERATE
Other	-	3 - HIGH
		4 - EXTREME
